

EMMAUS LEADERSHIP

WE BELIEVE IN CHURCH SCHOOLS.

Diocese of Southwark Testimonial

Stephen Bryan, Assistant Director of Education

As a Diocese we have been working with Emmaus Leadership on a number of hard to fill leadership vacancies across the Diocese. In all of our dealings the team at Emmaus Leadership have been **extremely professional** and the **feedback from schools has been very positive**. It has been somewhat refreshing to deal with a recruitment company that have a **good understanding of the workings of a Diocese** and the requirements of **Foundation Governors** in appointing senior leaders to our schools.

Emmaus have also supported the Diocese with our succession planning and Liam attended the Diocesan DH Conference this December. They were part of a team of HTs and other professionals who conducted a carousel of workshop sessions with delegates. The sessions were very interactive and the feedback received from this input has been extremely positive. Indeed it has encouraged a number of long standing DHs to seriously consider taking the next step on their leadership journeys in the Diocese as Headteachers.

Our experience of Emmaus Leadership has been very positive and I fully recommend their services.
